

SMART PARKING SYSTEM

Components Required:-

Components Name	Quantity
Arduino Nano or Arduino Uno	1
USB Cable for Arduino	1
IR Sensor	6
Sg90 Servo Motor	1
9V power supply	1
PCB board or Breadboard	1
Connecting wires	As required in the circuit diagram

Tools Required:-

Tools Name	Quantity
Soldering Iron	1
Soldering wire	1
Soldering flux	1
Soldering stand	1
Multimeter	1
Desoldering pump	1
Wirecutter	1
